REPORT NO.

- Professor Gregory Talmijov has turned in a report according to which thorium and uranium deposits exist in the vicinity of Turkul, Uzbekistan. Professor Talmijov reported in September 1953.
- He is a member of the Soviet Council for Mineral Exploration. He has had a group of specialists working in the general vicinity of Turkul for a long time.
- Professor Talmijov is now awaiting instructions to carry this work further. Presumably, this means the opening of the mines.
